

BYOD

BRING YOUR OWN DEVICE PROGRAM

As a 21st Century Learning Community, Point Cook P-9 College is committed to leading change with students and their families. Point Cook P-9 College has a Bring Your Own Device (BYOD) Program from Prep to Year 9.

The BYOD Program means families are requested to supply a device for their own child. It is not compulsory; however, we encourage all families to participate.

It is important that you understand that the device does not replace traditional pen and paper activities. We still believe there is a place for these tools today and in the future.

The device is used during certain times in the day and when needed to support student learning. Students will continue to interact with each other face-to-face during class times.

We are continuously seeing the benefits that the BYOD program can bring to broadening student learning, digital competencies, increased student choice and the personalisation of learning for our students.

DEVICE SPECIFICATIONS

PREP TO GRADE 4

In Prep to Grade 4 we run an iPad Program; we also have an equity of access trolley banks available to assist with learning programs and testing.

Suitable and compatible devices to use in preferred order are (as minimum)

- Apple iPad 9th Generation / Wifi Only / 64GB or above
- Apple iPad mini 6th Generation / Wifi Only 64GB or above

YEARS 5 TO 9

In Years 5 to 9 we run a BYOD Device Program using Apple and Windows 10/11 devices. Both types of devices are support, however, it is preferred that students use a windows device as this is what will be used in senior levels.

Suitable and compatible devices to use in preferred order are (as minimum)

- Windows – Notebook 2020 or above - Core i5 / 256GB SSD / 8GB Ram or above
- Apple – Macbook Air 2020 or above – Core i5 / 256GB SSD / 8GB Ram or above
